IN-LINE COMPOSITION L. 316 The counter has a top depth of 27 1/2". The units underneath are made up of a 35 1/2" undersink unit with two drawers, incorporating waste bins, a dishwasher module, a 23 5/8" two drawer unit and a 90cm oven unit with drawer. The wall fittings consist of a stainless steel splash-back with a utensil rack, an extractor unit and a long aluminium wall unit incorporating lighting and sockets.

IN-LINE COMPOSITION L. 256 This composition is the same as the 316 version but omits a 23 5/8" drawer unit and the wall cabinet is 65 3/8" long. The overall height of the composition is 83 1/2".

KUOCO: THE COLUMNS Pre-assembled columns can be added to complete the workshop composition.
