Pantos 2 Sliding Doors – Design: Antonia Astori

The front is made up of sliding doors either 35 or 53-1/8 wide. The aluminium frame for the doors contains frosted or transparent glass, or mirror only in the 90 module, panels of Parapan® dyed red, blue, white or brown for both modules. Combinable in multiples of 90, it is available in widths 106-1/4 or 159-1/2. In both cases with internal modules of 45, 90, 135 and 180. Parapan® is produced by Para-Chemie GMBH a company of the Degussa group.
